September 6, 2008 we held the grand opening for our second Cheshers Outdoor Store in Frankford, Ontario. We want to thank everyone for their support! Our crossbow range and indoor tree stand climbing display were both huge hits!

Our Bancroft store also had its best year ever! With an on-site gunsmith, 24 hour live bait station and an addition to the Cheshers Outdoor Store team, we will continue to bring our customers a wide range of products at great prices and service!

Our 100% pure hunting scents became a household name this year with hunters all across Ontario. Ensuring "the buck stops here" has never been so easy.

This year was also a good year for our whitetail deer farm, the spring brought us 12 new fawns, and a flock of turkeys that just won't leave! Friends, family and visitors had a great time taking pictures and seeing the fawns and turkeys tour about our 100 acre farm.

"With heating costs on the rise more people are turning to outdoor wood stoves as their number one choice for heating their homes. Give me call and I'll take the time to go through the entire line-up of Central Boilers with you and help you to find the most economical way to heat your home. Don't be one of the many who missed out last year, book early for convenient installation times and great savings"
